Mr. and Mrs. H. D. Segel entertained a large party of friends and relatives at their home, 283 North Winoski avenue, Saturday morning, the occasion being the advent of another son into the family. Exercises appropriate to the occasion were conducted by Rabbi Mowsovit, after which dinner was served, to which nearly 150 sat down. Following the dinner an hour was spent in an informal way. —Burlington Free Press.

Letter to Tilden & Wiley, Barre, Vt.

Dear Sirs: Have you found out you can paint a job with fewer gallons Devco than of anything else, lead-and-oil or anything else?

Mr. Floyd Almy, House and Sign Painter, Greenwich, N. Y., found it out three years ago; he writes: "I have used Devco lead-and-zinc for the past three years, and cannot say too much in its favor. I am using it now on a big job that I took by contract, and it has saved me at least \$25 in the cost of material."

Devco is the strongest paint we know of; goes furthest; takes less of it to do your job.

Lead-and-oil is pure; lead-and-zinc is stronger; covers more; goes further.

Have you found out you can paint a gallon Devco in less time than a gallon of anything else? That means less time for the job. Less time: less money.

Less paint; less money for that; less time; less money for that. Devco lasts longer; do you mind the less money for that? You are sure of it.

Yours truly
F. W. Devco & Co.

P. S.—Reynolds & Son sell our paint.

Card of Thanks.

We wish to thank our neighbors and friends for their kindness to us during the illness and death of our beloved son.

Mr. and Mrs. Keefe and Family.

One of Jefferson's Fish Stories.

Joseph Jefferson fishing stories are a feature of the season's changing.

As soon as the nipping airs of winter give way to the balm of springtime the Jefferson anecdotes begin to sprout. This is the most recent:

Mr. Jefferson came unexpectedly upon a Hibernian disciple of the great Sir Isaac who was industriously casting his lines into the limpid waters of his private lake.

"See here," said the great comedian. "What do you mean by catching my fish?"

"Bogorra," replied the fisherman, slowly removing his pipe from his mouth. "O'm not fishin'. O'm tacin' those wurms how to swim!" —New York Times.

Pure Air Heals Wounds.

Wounds heal more quickly at a high than a low altitude. This is due to the increased purity of the atmospheric conditions.

BERLIN.

Levi Strong, who has made his home with a niece in Lebanon, N. H., the past two years, is seriously ill.

Teachers and students at the Normal school at Randolph, were at the lake Saturday.

Health Officer Huse was called on last week to bury the horse which was owned by J. J. Giffin until the night of the fire at the parsonage.

G. W. Dustin has purchased a power clipper for shearing sheep. It is said they are in quite general use in the sheep shearing sections of the West and Australia.

The Haskell cottage is being enlarged and improved. It will have two brick fire places on the ground floor and one on the second floor and on the whole will be one of the finest cottages in town.

EAST BARRE.

The "Glass Blowers" ended their performance Saturday evening with the largest attendance of the week. Their work was very pretty and the process of making it an interesting one.

Rev. O. W. Merrill, D. D., of St. Johnsbury, preached an interesting and instructive sermon in the Congregational church yesterday.

Arthur McAllister is now able to sit up and it is hoped that before many days he will be able to return to his work.

Edith Robie is ill with a severe attack of bronchitis; Phyllis McDonald is much better.

Mrs. Walter Wood is visiting at the home of her mother.

Mrs. Fogg of Manchester and Mrs. Griffin of Chelsea, are visiting their uncle Bert French.

The Ladies' Aid society of the Congregational church will serve supper in Odd Fellows' hall Tuesday from 5 to 7 o'clock.

Roman Architecture.

Roman architects placed earthen jugs in the theater walls to increase the resonance.

An Old Method of Heating Houses.

There is an old town in Germany where there is a hot water spring from which pipes are laid in every street and are connected to every house for heating it, and nobody knows when this use of the hot water first began.
